

SDS Plus 3-Cutter Hammer  
Drill Bit 8\*160- German

# RH-59205

- The Trijet Ultimate SDS-plus hammer drill bit is even more robust and faster than its predecessor.
- Pronounced, patented double centring tip ensures simple, precise positioning
- In total, the Trijet Ultimate therefore is 4 x more robust as well as 10% quicker in concrete and 35% quicker in reinforcement, resulting in a very long service life with up to 1.500 holes drilled.
- Cutting edges of equal height with reverse curvature, the newly developed cutting geometry with reinforcement protection chamfers, reduced frontal surfaces and the optimised helix guarantee even better performance, making the Trijet Ultimate our best hammer drill bit.

Model	RH-59205
size	8mm
No of Flute	3
Overall Length	160mm
Working Length	100mm
Material	Steel
Tip Material	Tungsten Carbide
Surface Finish	Shotpeened
Hardness	>48HRC
Temperature Strength	1200°C
Weight	66.9gr
packaging	Clip
