

Sprayer
12V

RH-6020

- TELESCOPIC STAINLESS STEEL LANCE delivers up to 7m of horizontal spray and 3m of vertical spray.
- 1.2 m of hose gives you the length necessary to reach tight areas, around buildings and other obstacles
- Powerful 12V pump, switchable to 3000RPM speeds with up to 80psi pressure delivering both the pressure and throughput
- 3 spraying mode: fog/ fan/ vetical
- 1.2m chemical grade hose
- Suitable for weed-spraying and watering
- Fillet inlet with filter
- Effortless pump driven design
- Free of emissions and whisper-quiet, spray from a 20L transparent tank made from very strong UV-resistant plastic

Model	RH-6020
Battery Capacity	12V8Ah
Battery Type	ACID LEAD BATTERY
Charger	1.0A
Pump type	PRESSURE PUMP
Max Pressure	80Psi
Pump power	26W
Max Flow	3.1 L/min
Spray Height	3m
Horizontal Spray Distance	7m
Spray type	fog/ fan/ vetical
Hose diameter	8mm
Tank volume	20 L
Tank Material	PP

PP ACID LEAD 12V BATTERIES 

Lance material	STAINLESS STEEL
Lance length	750 mm
Hose Length	1200mm
Dry net weight	5.7 kg
Includes	FIVE NOZZLES, A PUMP, A BATTERY, A PAIR OF BELT, A LANCE, A TRIGGER, A CHARGER, A ROCKER, A CONNCETING ROD, A HOSE, A FILTER
Supplied in	color carton
