

Portable Hose Reel 60m

RH-6160

- Holds up to 60 m of ½" garden hose for extended watering reach
- Two solid PP+TPR wheels ensure smooth movement over textured ground
- Fits all standard ½" hose connectors for versatile lawn and garden watering
- Keeps your hose off the ground to prevent damage and extend its lifespan
- The hose cart uses the no-leak, max flow design for smooth reeling so your watering hose is always ready to roll
