

**Laser Distance Meter with Colorful LCD**

- Fully featured and powerful laser measurer features long range measuring with extreme accuracy up to  $\pm 1.5\text{mm}$  and measures distances up to 60 meter for professional confidence
- Easy-to-read backlight color display illuminates numbers in dark areas with distinct resolution, allowing work in low-light or no-light conditions
- 180s of automatic shutdown for protecting the power
- Excellent collection of features including distance, volume, area measurement, continuous measurement and measurement by Pythagoras make this laser meter ideal for home, construction and different industries usage
- Handy and compact mode provide good operating feeling
- Data storage sets which can be used to view and compare measurement data after measurement
- Able to function both with metric and imperial system and also convert them
- Multi-line display function

Model	RH-9196
Dimensions	105x48x21 mm
Power Source	2 x AAA Batteries
Measuring Unit	m/in/ ft/ft+in
Storage Temperature	$\pm 20\pm$ to $60\pm$
Accuracy	$\pm 1.5\text{mm}$ ( $\pm 0.06$ inch)
Laser Class	2
Operating Temperature	$-5^{\circ}\text{C}$ to $60^{\circ}\text{C}$
Functions	Distance / Area / Volume / Pythagorean / Continuous Measurement / Add and Subtract / Reference selection / 50 memories storage
Laser Measure Range	0.05 to 60M
Auto Unit Switch Off	180s
Auto Laser Switch Off	30s
Battery Life	10,000 Times
Supplied in	Ronix Color box
Includes	AAA 2x1.5V, Bag
