

Laser Distance Meter

50m

RH-9351

- Fully featured and powerful laser measurer features long range measuring with extreme accuracy up to $\pm 2\text{mm}$ and measures distances up to 50 meters for professional confidence
- Easy-to-read backlight color display illuminates numbers in dark areas with distinct resolution, allowing work in low-light or no-light conditions
- Automatic shutdown in 3 minutes for protecting the power
- IP54 waterproof level and dust-proof function protect the laser distance measure to the maximum extent and enables working at tough jobsite conditions such as rain or dust
- Excellent collection of features including distance, volume, area measurement, Min & Max reading, continuous measurement and measurement by Pythagoras make this laser meter ideal for home, construction and different industries usage
- Handy and compact mode provide good operating feeling and hard rubber body enables a good grip
- Data storage sets which can be used to view and compare measurement data after measurement
- Able to function both with metric and imperial system and also convert them
- Multi-line display function

Model	RH-9351
Protection Class	IP54 (Dust/Water Proof)
Measuring Unit	m/in/f
Power Source	2×AAA Batteries×1.5V
Laser Class	2
Laser Measure Range	0.05 to 50M
Accuracy	$\pm 2\text{mm}$
Auto Unit Switch Off	3minutes
Auto Laser Switch Off	30s
Dimensions	120×50×25 mm
Operating Temperature	0 to 45 °C
Storage Temperature	-20 to 65 °C
Functions	Distance/Area / Volume/ Pythagorean/ Continuous Measurement/unit setting/Data cleanup/Add and Subtract/Min&Max measurement
Battery Life	5000Time
Area Unit	m ² , ft ²
Weight	92g
Supplied in	Ronix Color box
Includes	AAA 3×1.5V, Carry case, band strip
