

Laser Distance Meter

100m

RH-9353

- Fully featured and powerful laser measurer features long range measuring with extreme accuracy up to $\pm 2\text{mm}$ and measures distances up to 50 meters for professional confidence
- Easy-to-read backlight color display illuminates numbers in dark areas with distinct resolution, allowing work in low-light or no-light conditions
- Automatic shutdown in 3 minutes for protecting the power
- IP54 waterproof level and dust-proof function protect the laser distance measure to the maximum extent and enables working at tough jobsite conditions such as rain or dust
- Excellent collection of features including distance, volume, area measurement, Min & Max reading, continuous measurement and measurement by Pythagoras make this laser meter ideal for home, construction and different industries usage
- Handy and compact mode provide good operating feeling and hard rubber body enables a good grip
- Data storage sets which can be used to view and compare measurement data after measurement
- Able to function both with metric and imperial system and also convert them
- Multi-line display function

Model	RH-9353
Protection Class	IP54 (Dust/Water Proof)
Dimensions	120x50x25 mm
Power Source	2xAAA Batteriesx1.5V
Storage Temperature	(20- 65to)C
Operating Temperature	(0 45to)C
Measuring Unit	m/in/ft
Functions	Distance/Area/Volume/ Pythagorean/Continuous Measurement/unit setting /Data cleanup/Add and Sub- tract/Min&Max measurement
Accuracy	$\pm 2\text{mm}$
Laser Class	2
Laser Measure Range	0.05 to 100M
Battery Life	5000Time
Auto Unit Switch Off	3Minutes
Auto Laser Switch Off	30s
Area Unit	m ² , ft ²
Weight	92g
Supplied in	Ronix Color box
Includes	AAA 3x1.5V, Carry case, band strip
