

**Micrometer**

**0-25mm**

**RH-9710**

- Measuring surfaces hardened and ground
- With locking lever and feel ratchet
- Scales matt chrome-plated
- The micrometer range 0-25 mm, the resolution 0.01 mm
- High accuracy and high efficiency
- Ideal for teachers as a teaching tool, mechanics, machinists, technicians, engineers and scientists to make accurate and precise measurements

Model	RH-9710
Accuracy	±0.004
Measurement range	0-25mm
Material	Steel
Dimensions	135mm
Weight	190g
Micrometer type	Outer diameter
Unit of measurement	mm
Includes	Spanner
Supplied in	Plastic box
