

Micrometer

0-25mm

RH-9710

- Measuring surfaces hardened and ground
- With locking lever and feel ratchet
- Scales matt chrome-plated
- The micrometer range 0-25mm, the resolution 0.01mm
- High accuracy and high efficiency
- Ideal for teachers as a teaching tool, mechanics, machinists, technicians, engineers and scientists to make accurate and precise measurements

Model	RH-9710
Accuracy	±0.004
Measurement Range	0-25mm
Material	STEEL
Dimensions	135mm
Weight	190g
Micrometer Type	Outer Diameter
Unit of Measurement	mm
Includes	Spanner
Supplied in	Plastic Box
