

Cable Tie
2.5×200mm

RH-9992

- Self-locking teeth and ratcheting mechanism for locking at the desired length
- High tensile strength and durable Nylon PA6 materials make it ideal for Wide range of applications
- Efficient design of the head ensures high resistance to traction
- Non-releasable optimized locking action for permanent closure
- Perfect for home DIY, workshops, warehouses, offices, factories, wire organization and ...

Model	RH-9992
Material	Nylon PA6
Length	200mm
Width	2.5mm
Color	White
Max.Diameter	53mm
max.Tensile Strength	8Kg
Working Temperature	-25°C to 85°C
Flammability Rate	UL 94 V-2
Supplied in	Plastic Bag
