

Industrial Induction high Pressure Washer

230 bar

RP-0230

- Professional high-performance 2800W induction motor provides strong power that generates maximum water pressure for extreme cleaning power
- Auto stop system automatically shuts off pump when trigger is not engaged and with the help of self-suction function ensure motor's longlife and also save energy
- Built-in temperature protector can detect the motor temperature, the machine will stop after the temperature exceeds the standard
- Professional high-pressure gun for better functionality and more convinience
- Equipped with five nozzels which manufactured from high-quality raw material and let you easily control spray angle (0°, 15°, 25°, 40°, 65°) in different cleaning tasks
- External detergent tank for extra cleaning power and reducing cleaning time
- Ability of self-priming water for alternative usage in a absense of Domestic water source
- Threaded connector facilitate quick assembly and disassembly
- Onboard hose reel for easy storage and quick winding and unwinding
- Suitable for heavy duty industrial usage
- Push button switch On/Off switch for convenient use
- 10-meter steel armed hose high-quality steel armed hose for more durability and higher efficiency

Model	RP-0230
Motor Type	Induction
Power	2800W
Motor winding material	Copper
Voltage	220-240V
Frequency	50-60Hz
Max Pressure	230bar
Rated Pressure	140bar
Working flow	6.7 L/min
Max. Flow	8.2 L/min
Weight	55KG
Includes	YLG06gun+quick lance+0° 15° 25° 40° nozzle 10M steel armed hose 5M power cord 3M water inlet hose
