

High Pressure Washer
110BAR-1400W

RP-U111

- Powerful 1400W universal motor generates high water pressure for maximum cleaning power
- Total stop system automatically shuts off pump when trigger is not engaged and self-suction function helps to ensure motor's long life and also to save energy
- Built-in thermal protector controls the temperature of the motor during longtime working
- New design high pressure gun for better functionality and more convenience
- Ergonomic light-weight design provides easy movement and brings more comfort in different cleaning tasks
- With wheels and handles for easy movement
- Equipped with both adjustable and turbo lances which manufactured from high-quality raw material that lets you easily control spray angle in different cleaning tasks
- Automatic hose connector for easy and fast set up and quick inserting and removing of the hose
- Suitable for both household and industrial usages
- Rotary On/Off switch for convenient use
- 5-meter high-quality pressure hose for more durability and higher efficiency
- Tempered stainless steel plunger easily unchokes the dirt stuck in the nozzle

Model	RP-U111
